NEW CYCLAMEN VARIETIES: EXPERTISE, STYLE, AND SUSTAINABILITY

At Beekenkamp, Cyclamen young plant production is deeply rooted in our history—a tradition we have proudly upheld for decades. Thanks to our close collaboration with leading breeders, we are excited to introduce several exciting new varieties this season.

Cyclamen Tuxedo® – Chic and Stylish
Introducing the Cyclamen Smartiz Tuxedo Magenta Foncé: a true standout with its vibrant magenta blooms, beautifully contrasted by unique silver foliage. This striking combination of dark flowers and silver leaves creates a visually stunning display. These well-formed, centrally blooming plants are heat-stress resistant and ideal for pot sizes from 6 to 12 cm. This exceptional variety truly shines within the Tuxedo® series, offering growers both beauty and resilience.

Cyclamen Super Series® Elegante – The Perfect Complement
The Elegante series is a wonderful addition to the popular Cyclamen Allure and Macro lines. This heat-tolerant variety extends the growing season into early summer, boasting abundant blooms and continuous bud formation. The Elegante series produces long-lasting plants that enhance customer satisfaction. Suitable for pots up to 13 cm, this series promises a vibrant, long-lasting floral display that thrives in any setting.

Sustainable and Efficient
Lastly, we would like to emphasise our commitment to sustainability. We use the eco-friendly BKX tray across our entire Cyclamen range, ideal for growers seeking efficient, automatic potting solutions. These reusable trays contribute to environmental sustainability through repeated use, combining efficiency and eco-consciousness in our production methods.

NIEUWE CYCLAMEN VARIËTEITEN: VAKMANSCHAP, STIJL EN DUURZAAMHEID

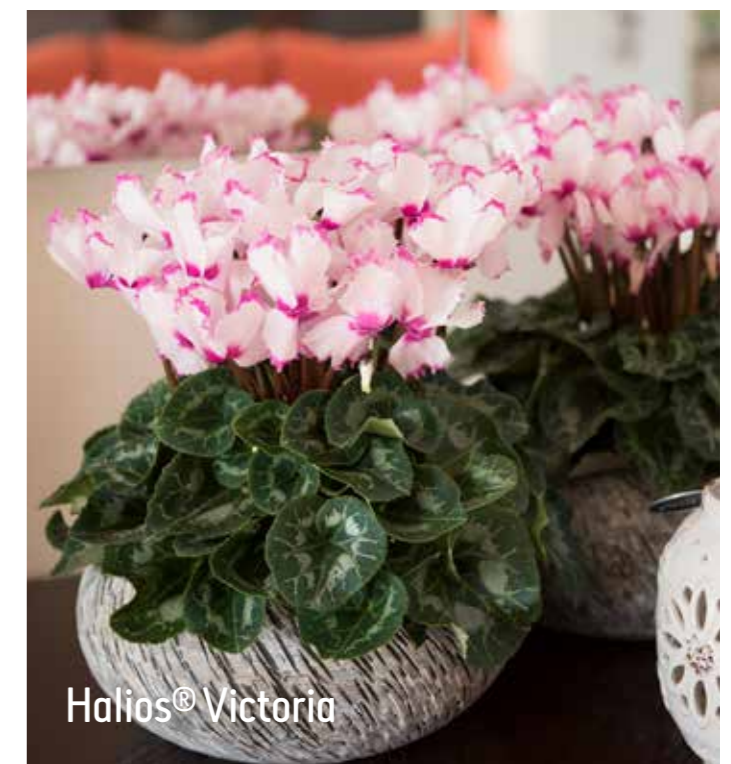

Bij Beekenkamp is de productie van jonge Cyclamen diep geworteld in onze geschiedenis- een traditie die we al tientallen jaren met trots voortzetten. Dankzij onze nauwe samenwerking met vooraanstaande veredelaars, kunnen we dit seizoen enkele nieuwe variëteiten presenteren.

Cyclamen Tuxedo® – Chic en Stylish
We introduceren de Cyclamen Smartiz Tuxedo Magenta Foncé: een echte blikvanger met levendige magenta bloemen die prachtig contrasteren met het unieke zilverkleurige blad. Deze visueel indrukwekkende combinatie van donkere bloemen en zilveren bladeren zorgt voor een opvallende uitstraling. De planten zijn goed gevormd, bloeien centraal en zijn bestand tegen hitte. Ze zijn ideaal voor potmaten van 6 tot 12 cm. Deze uitzonderlijke variëteit straalt echt in de Tuxedo®-serie en biedt kwekers zowel schoonheid als robuustheid.

milieuvriendelijke BKX-tray, die perfect is voor telers die op zoek zijn naar efficiënte en automatische oppotoplossingen. Deze herbruikbare trays dragen niet alleen bij aan efficiëntie, maar ook aan milieuvriendelijkheid door hun langdurige gebruik. Efficiëntie en duurzaamheid gaan hand in hand in onze productiemethoden.

Cyclamen Super Series® Elegante – De perfecte aanvulling
De Elegante-serie vormt een mooie aanvulling op de geliefde Cyclamen Allure en Macro lijnen. Deze hittebestendige variëteit verlengt het groeiseizoen tot in de vroege zomer, met een overvloed aan bloemen en voortdurende knopvorming. De Elegante-serie levert langbloeiende planten die de klanttevredenheid vergroten. Geschikt voor potten tot 13 cm, zorgt deze serie voor een levendige, langdurige bloemenshow die in elke omgeving tot zijn recht komt.

Duurzaam en Efficiënt
Tot slot willen we onze aandacht en inzet voor duurzaamheid benadrukken. Voor al onze Cyclamen gebruiken we de
